COMPANY PROFILE

ELTON CHEMICAS S.A, has been established in 1981 by converting the pre-existing company ELTON INDUSTRIAL CHEMICALS LTD. Initially, the company engages in the trading of chemical raw materials for the production of medicine and cosmetics. Main activity of the company is the import, export, representation and marketing of chemicals and other specialty products, which serve mainly as raw materials in various industries.

EXPORTS

All activities of ELTON S.A. are indentified by extraversion and clear orientation towards the Balkan market, mainly through her affiliated companies but also through direct exports. This strategy gives to the company, expanded prospects of development and also the possibility to reap financial and business advantages. In Romania, Bulgaria and Serbia the company has affiliated companies, while customers of Albania and Macedonia are served through direct exports. The exports of the company are accomplished through the two distribution centers in Athens and Thessaloniki and directed mainly to the Balkans, Cyprus and Middle East.

The Company's exports for 2014 representing 30,67% of total sales of the Company.

KEY INVESTMENT HIGHLIGHTS

Despite the difficult conditions in industrial production as a consequence of the general economic situation, the company manages to strengthen its market position and to expand into new markets (like Ukraine).
