

COMPANY PROFILE

Unibios Holdings S.A. promotes products and technologies for the responsible use of water and energy. Watera International S.A., its main subsidiary, is active in the international water treatment market. The group is present through local operating subsidiaries in the growing water treatment markets of Greece, Czech, Slovakia, Bulgaria and Italy. The Water Treatment Companies are active in the design, manufacturing installation and after sales service of water treatment equipment. In the recent years the group has also exported products and constructed water treatment installations in other European countries, the Middle East and Africa. The group is also active domestically through other subsidiaries in producing products and services to the construction sector mainly in the fields of scaffolding and heating.

REVENUE ANALYSIS (in € 000)

KEY INVESTMENT HIGHLIGHTS

- The dramatic environmental changes over the last decades have given rise to the need for solutions for the responsible use of Water and Energy that will allow for sustainable economic growth. This need generates rapid expansion in the respective markets
- UNIBIOS Holdings aims to play an important role in these new fast growing markets of the “Green Economy”, taking advantage of the corresponding investment opportunities.
- Unibios Holdings is positioned in a strategically important location and has the necessary technology and products to take advantage of the growing opportunities especially in the field of water treatment in the large and fast-growing markets of the Middle East and the Mediterranean.
